## SOMERSET FLOWER FARM

All our flowers are grown on our flower farm in Somerset. We have a quarter acre glasshouse allowing us to start our season at the end of February.

An acre of outdoor beds then takes over to extend our season until the first frost. Our flowers are cut to order so when you receive them they are as fresh as possible.

From planning, to booking, to delivery, we can help you make your client's day truly special by supplying fresh, seasonal and beautiful flowers.

# ORDERING OUR FLOWERS

We will send out a weekly availability list by email so that you know what is flowering in the field.

There is no minimum order requirement, which allows you to order exactly the quantity of flowers you need.

We can provide regular deliveries of a wide variety of fresh cut flowers to local florists, as well as orders for one off events.

You can order by phone, email or text. If you would like to come and visit us at our flower field we are very happy to arrange this at a time to suit you.

## Ordering in Advance

We are happy to accept provisional orders for specific dates ahead of time. We can advise you what might be available and will keep in touch with you about the availability. You can then order the flowers you need by quantity nearer the time.

# DELIVERY, COLLECTION & PAYMENT

## Collection

You are welcome to collect your flowers from us Monday-Saturday at a time to suit you, just let us know when you place your order.

## Delivery

We do offer a delivery service and are flexible to arrange a central location. For further information about this just let us know.

## Payment

Payment can be made by bank transfer, cash or cheque. Payment must be made within 3 days of invoice. No further orders can be accepted unless payment in full is made when requested.
